

Hello Fall Finale Competitors,

We hope you all made it home safe and have recovered from the weekend's adventure. Thank you all for choosing Odyssey Adventure Racing for your adventure fix! Without you, we wouldn't be able to do what we love. These were our last adventure races of the 2010 season. We are excited and looking forward to our 2011 events.

The [24hr and 8hr AR Ogaine](#) will be the last events of the year. These are great events to practice your navigation skills. These events will be just like the sections at the end of both the races with the off trail navigation. Teams and soloist will plot their points and have different zones and time limits to acquire as many points as possible. It is a great time in the mountains at beautiful Douthat State Park on Nov. 6-7. Registration closes Oct. 25! Sign up today!

We have a few more skills clinic, the [Land Navigation Clinic](#) on Nov. 20 and the [Advanced Navigation Clinic](#) on Dec. 4. The winter is a great time to practice your navigation with the leaves of the trees. You are able to see the land features better which is very helpful when learning land navigation. Contact us at info@oarevents.com to receive \$25 off of the Navigation clinics.
